

## REMARKS

Examiner O. Rojas is thanked for allowing claims 2-12, 24, 25, 34-39, 49, 50, and 54-81 of the subject Patent Application. New claims 82-101 have been added. No new matter has been added.

Examiner Rojas had indicated that "upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim." New claims 82-92 correspond to previously canceled claims 13-23, dependent on allowed generic claim 2. New claims 93-101 correspond to previously canceled claims 40-48, dependent on allowed generic claim 34.

Allowance of all Claims is requested.

It is requested that should Examiner Rojas not find that the Claims are now Allowable that the Examiner call the undersigned at 845 4525863 to overcome any problems preventing allowance.

Respectfully submitted,
